

Exploration or learning or something good

Erik J. Peteron^{*1}

¹Department of Psychology, Carnegie Mellon University

Abstract

Get to the point. Why do I care? What did I do? Why does it matter?

I. INTRODUCTION

Here is a simple idea and a minor revolution in learning [1].

II. METHODS

Probably math and python.

III. RESULTS

How wonderful they should be to be here.

IV. DISCUSSION

Fuck tradition so just do a Q and A.
